

Fatality Summary

Date: 26 April 2018

Fatality Summary for industry awareness

A 42 year old male operator received fatal crush injuries when he was working on a face shovel at the Ewington 2 Pit. He was found caught between the ladder and a handrail at the rear of the machine just before midnight.

Ewington 2 Pit is operated by The Griffin Coal Mining Company Pty Limited.

This Fatality Summary was approved for release by the State Mining Engineer on 27 April 2018
