

Landslide kills 2 coal miners in Chamalang Balochistan. Last Month (Oct) Ten Coal Miners died in different accidents in Pakistan. PCMLF Report. Pakistan Central Mines Labour Federation deny the illegal miner accidents.

PCMLF Reporter: At least two coal miners were killed in two separate incidents of landslide in Balochistan's Dukki district on Monday. Reporter said the landslides inside two separate coal mines in the Chamalang area of the district. Sultan Khan

The coal miners were extracting coal from deep inside the mine when hit by landslides. Both miners were killed on the spot. Pakistan Central Mines Labour Federation's members and rescue workers reached the spot and retrieved the dead bodies of the victims. Sultan Khan said.

He added that coal miners were identified as Sher Ali and Muhammad Naseem, residents of Swat Khyber Pukhtoonkhwa and Loralai. The dead bodies were brought to the district headquarters hospital Dukki.

The hospital administration handed over the dead bodies of the heirs after the completion of necessary official procedures. Hazardous working conditions have claimed scores of precious human lives during the last few years inside the coal mines of Balochistan. Such untoward incidents inside the coal mines of Dukki, Harnai, Mach, Sorange, Marwar, Khost and other parts of Balochistan have become the order of the day.

He explain that last month (Oct, 2022) coal mine accidents occurred in Cho Saidan Shah, Chakwal, Sharigh, Zardalo, Chamalang, Duki, Harnai, Much, Quetta District and died 10 workers in different accidents.
